Promoters Making Millions

WEALTHY PROMOTERS ARE MAKING MILLIONS IN TEXAS OIL! HOW? The promoters buy leases, then organize an oil company, sell enough of the stock to pay for the lease and drill the well; the promoters keep the balance of the stock—usually one-half—as their profit, then when the well is drilled the promoters get half of the profits from the oil without having

The Western Development Company Is Going After These Millions for Its Shareholders

HOW! By getting into the promoting game. We are going to buy lenses, organize oil companies, sell enough of the stock to pay for the lesses, and drill the well and the Western Development Company will keep the balance of the oil company stock as its profit.

Suppose the Western Development Company buys a lease, organizes a \$100,000.00 oil company, sells enough of the stock to pay for the lease and drill the well and has \$00,000.00 of the stock left as profit; then we bring in a 2000 barrel well, this will give an income of \$180,000.00 per month, ONE-HALF OR \$00,000.00 PER MONTH WILL BELONG TO THE WESTERN DEVELOPMENT COMPANY AS PROFIT. TEN WELLS ON THIS BASIS WOULD PAY US \$200,000.00 PER MONTH. WOULD PAY US \$900,000.00 PER MONTH. +

SHARES \$10

IMMEDIATE PROFITS

We are going to put this company on an earning basis without delay by securing, as quick as possible, two drill rigs and put them on contract drilling. A conservative estimate of the profits at the present price for drilling is \$7,500.00 on each well. OUR TWO RIGS SHOULD EARN US \$50,000.00 EVERY 90 DAYS. WHEN WE HAVE FOUR RIGS WORKING THEY SHOULD EARN US \$60,000.00 EVERY 90 DAYS. Our drilling contracting will pay bandsome divisiends on our entire capitalization and the big profits made on our leases and promoting deals will all be velvet.

We are going to make this a permanent Drilling, Producing, Promoting and Developing Company. We are going to get it on velvet and pay back to each shareholder his investment as ckly as possible and then pay you divi-EACH SHAREHOLDER WILL GET HIS PART OF ALL PROFITS MADE BY THIS

COMPANY FROM ANY AND ALL SOURCES.

all good fountains.

Leonard can lick him. The other night Bill got all hopped up about the match again and wanted to bet a bale of hats that Leonard will hold the middleweight title within a year. "Let O'Dowd come in at the middleweight limit," says Bill, "and Fill sic Leonard onto him so fast it'll knock your hat off. I'm sure that Benny can lick him. There are a lot of middleweights who can lick Leonard, I'll admit, but I want the champion and I know that he's a clusch. O'Dowd can lick a lot of heavies and light heavies and the like, but he can't lick Leonard. I saw him a couple of times in fights and I think he's a tallor-made man for Leonard. And, listen, I'm not the only one who thinks that Leonard can beat him. Beany Leonard himself thinks the same thing. Say, I'd rather have Leonard fight O'Dowd than Ritchie. That's on the square. Yes, put it in the paper if you want to. I want O'Dowd to know that we're not kidding. We mean it. Tell him to get his trunks and come over to see us. Well, so long. I've got to see Mike Switt about some onious and pickles." Delicious Delaware Punch Another Pure Fruit

BENNAH IS AMBITIOUS. MIKE O'DOWD, the middleweight champion of the world, can knock out all the Al McCoys in the world and Billy Gibson will still insist that Benny
